34 restraints there is no work in progress, only planning and fund raising. A funding
35 application has been submitted for \$10,000 to Franklin Savings Bank which will take 4-5
36 months. There is potential for funding from Pete & Jerry’s for another \$10,000. The

42 will be donated from the Precinct but the hookup but related labor will be several
43 hundred dollar. Chair Keegan said he will send members the budget. Ms. Fournier asked
44 if the weeds would be sprayed. Chair Keegan said Doug Thomson will be doing it. Mr.
45 Colby said this project has really grown much larger than first discussed and is not in
46 favor of putting time, effort and money into State land. Mr. Marshall agrees that the
47 original idea was to just make it look nice and kept up. Mr. Marshall said it does make it
48 easier that the money will be donated and not come from taxes. Mr. Porter questioned the
49 visibility with walls. Chair Keegan said the total height of the walls will be 22 inches
50 above ground. Chair Keegan said they continue working with NHDOT staff and
51 Engineers. Mr. Marshall questioned if the agreement with the State will have language
52 about not removing any complete work. Chair Keegan said they have an agreement to do
53 the work and would hope NHDOT would not remove it. However, this is State owned
54 right of way. Mr. Colby questioned who would maintain the plantings. Chair Keegan said
55 Circle Committee volunteers. The Select Board is considering the formation of a
56 Beautification Committee. There has been some discussion of extending the water to the
57 lights near Highway View Farm as well as returning the flags to Route 4.

58 • **Community Garden:**

59 Chair Keegan said all 72 plots are currently being used as well as 1 additional 4 plot that
60 Jeff Abbe has laid out, if needed. One of the gardeners is a professional painter and
61 volunteered to repaint the shed. Jeff Abbe said he spoke with Mr. Marshall about mowing
62 the rye in the area not being gardened. Mr. Marshall is unable to do so because of
63 equipment limitation and time constraints. Mr. Abbe has buckwheat to plant. Chair
64 Keegan so questioned if it needs to be mowed or turned over. Both Mr. Marshall and Mr.
65 Porter said it would need to be turned over. Ms. Fournier questioned if there was any
66 update on the NH Gleans project. Chair Keegan will ask Mr. Abbe.
67 Welcome Signs- Mr. Porter said this is on his list to finish touching up the signs and will
68 start with the one near the Penacook Line. Chair Keegan said Jeff Abbe did put up the
69 Strawberry signs.

70 **New Business:**

71 • **NH Agriculture Covid-19 relief program-**

72 Chair Keegan questioned if anyone in Town would be able to benefit from this. Mr.
73 Marshall said there are 1.5 million dollars in this fund for Specialty Crop Farmers that are
74 non-dairy and grossed \$50,000 or more. Mr. Marshall said applications need to be
75 submitted prior to June 22. He also pointed out that this funding is to be utilized for

78 Mr. Marshall said there is a separate Aid to Dairy Farmers so he thinks that would leave
79 the Crete's and Morrill's not able to receive the Specialty Crop money.

80 Chair Keegan brought up holding a meeting next month. Mr. Marshall said if there is nothing
81 pressing, he would rather not have a meeting in person. Ms. Fournier questioned if they would be
82 able to meet. Mrs. Easler said for now the Selectmen would like to continue with the Go to
83 Meetings and she doesn't have a date of when regular meetings will be allowed to again. Ms.
84 Fournier said she would like to meet in July. Mr. Colby and Mr. Porter both agreed if there is
85 nothing of importance to discuss we should not meet in July. Ms. Fournier said she would like to
86 meet in July to get an update on the Circle and Garden. Mrs. Larochelle said she would like to
87 meet in July but if there isn't anything to discuss, then cancel. Chair Keegan requested that if
