  - Send your photos of event to Repository
  - Other ideas?
7. **Report of Survey Results** – 44 Responses
  - Note responses that identify potential issues to look into
8. **Next Meeting Date** – Tues March xx, 2022

#### About the 2018 Hazard Mitigation Plan –

Every 5 years, the Federal Emergency Management Agency (FEMA) requires the Boscawen HMP to be updated to current state and federal standards. A grant is provided to cover the cost of this activity. The reapproval of the HMP by NH Homeland Security and Emergency Management (NH HSEM) and FEMA is necessary to ensure Boscawen remains eligible for certain numerous mitigation, response, and recovery grants under FEMA's Hazard Mitigation Assistance (HMA) program. Click <https://www.fema.gov/emergency-managers/risk-management/hazard-mitigation-planning/requirements> to view lists of current grants requiring an updated HMP.
