

Town of Boscawen  
Budget Committee Public Meeting  
Boscawen Municipal Complex  
February 27, 2019 at 6 p.m.

Present: Barbara Randall, Chair, Alan Hardy, Mark Varney, Roger Sanborn, Edward Cherian Jr., Katie Phelps, Kevin Wyman, Ray Fisher, Dean Hollins, Nicole Hoyt, Sherlene (Doddy) Fisher, Bruce Crawford, Brian Fleury, Rhoda Hardy, Gail Egounis, Kellee Easler, and Sarah Gerlack

Meeting began at 5:40 pm. Roll call completed. Barbara Randall, Chair.

**Review and Approval of the February 8, 2019 Minutes** – Page 3, line 9 after the word ‘cheat’ there should be a “?” instead of a “.”. Line 170/171 Rhoda Hardy wasn’t quite sure what Nicole Hoyt explained about tractor trailers being registering in other states and what they can do there. She’s not sure what that means. Nicole Hoyt explained that in the notes the question was asked why they could register the tractor trailers elsewhere. The answer is that because the laws are different in other states and because they have a presence in Indiana they can register their tractor trailers there now. Page 4 first paragraph, line 117, after the word ‘school’ there should be a ‘?’. Same page line 152 after Paul Matthews should be an apostrophe. Line 155 after Mr. Matthews it should read ‘Mr. Matthews asked ‘what’ the town’. Page 8 second to last paragraph due diligence needs to be spelled correctly. Line 350, it was Ed Maloof, not Fred Egounis that spoke. Change it on line 355 also. On the old draft. A **motion** to accept the Minutes as edited was made by Gail Egounis, seconded by Paul Dickey and passed by a unanimous vote.

The purpose of tonight’s meeting is to hold another public meeting. Mr. Varney says they will go through the revised budget numbers and open public meeting.

Mark Varney went through the revised budget and added the amount of decrease for each budget account.

5:50 pm Public Hearing was opened.

Ed Maloof thanked everyone for their diligence. A change of 3% is quite good. He can support this new budget with the provision that they need to do something with Penacook Rescue. He believes the Selectmen should look at other towns involved with Penacook Rescue and come up with a base level for each town.

Lori Murphy had question about the budget. Based on what was spent this past year compared to the budget, reflected that everyone did a great job. She's worried that longtime residents won't be able to stay in their home due to taxes increasing. She is mindful that the budget got cut down to a 2% increase. Does the town need to tax people to the extent that it is reflected in there. Is there any other way of reducing that. You do need extra money from December to March to pay bills. But the town employees did a great job with their budgets. Her big concern is that 10 years ago someone got up and said they wanted to cut the budget by 10% and the town employees didn't get a dime. Look at the budget and look at the line items as well. Mr. Hardy noted that they have a long time practice of putting money towards taxes. Mr. Cherian gave a further explanation. Unused money rolls over and helps reduce the burden the following year.

Bill Murphy asked a few questions on Warrant Article IX; the roof. Mr. Hardy noted that \$150,000 is the amount in the budget. The Warrant Article is for \$150,848. Mr. Hardy said that number was from the engineer's estimate if they did the roof in two sections. Mr. Murphy asked if it had anything to do with the Capital Reserve budget. Mr. Hardy explained there is \$150,000 in the capital reserve at this time. They are asking to have that repurposed so they can do the roof repair. When they go through the bidding process they are hoping the number will go down. Mr. Cherian said it is tied to Article X which is a standalone. If they do it in one year. Mr. Murphy asked if \$145,000 is going into the Warrant Article. They aren't spending another \$15,848? What kind of roof? Mr. Varney explained it would be a shingle roof. This roof and the connector. Mr. Murphy asked about Warrant Article VI, Capital Reserve IT for \$10,000. How does it correlate with the municipal building that is listed at \$9,950? Hardy explained. The IT was never set up as a separate Capital Reserve Fund. The recommendation from DRA was to transfer the total amount in the municipal building, which included the money that was in IT, and let it go for repairs in the building and dedicate \$10,000 for only IT. Mr. Murphy noted that there is \$9,902 in the IT account. Going back a few years \$55,000 was appropriated for 3 years 2015, 2016, 2017. There's \$9,900 here. Did you spend \$45,000 on IT? Mr. Hardy said over that time, yes they did. Mr. Murphy noted that the Warrant Articles specifically say IT. The people that voted on those Warrant Articles believed it was going to IT. The \$9,902 right here is now being taken out of that and being rolled into the roof. MR. Varney explained. Mr. Hardy concurred with what Mr. Murphy is saying. When IT funding was created it went into the LCHIP account. DRA now says they need to clean this up now. Mr. Cherian explained that the Warrant requires a 2/3

69 vote, not a simple majority. Mr. Bill Murphy asked how many more computers they need. Hardy noted the  
70 \$9,000 was in there as a time line reserve for when they need to get equipment. It goes through an individual  
71 approval for any withdrawal from that account. There was no deliberate attempt to mislead when that wasn't set  
72 up as a capital reserve fund. Mr. Murphy noted that every year they passed Warrant Article IV contingencies –  
73 he understands they spent over \$26,000 out of the contingency fund. If they came up good with the budget and  
74 didn't spend it all, why did they spend the contingency? Mr. Hardy explained that they were hit by lightning.  
75 Mr. Varney explained that they had to spend the money for the equipment and the insurance reimbursed them  
76 \$26,000. He explained that they were reimbursed for everything but the police radio. Mr. Murphy asked why  
77 that money isn't back in the contingency fund. It was explained that contingency, under the law, cannot be carried  
78 forward from one year to the next. It returns to the general fund.

79  
80 Mike Fisher. He sat during the Selectmen's meeting earlier and saw 3 Selectmen be very discouraged on what  
81 the State has to say about cross walks and how much it will cost for one crosswalk. Town individuals are trying  
82 to get as much for the town's money as they can. Last year they had 2 Administrators. Co-administrators were  
83 a lot cheaper last year than having just one this year. When this revised budget came out, he thought they were  
84 going to cut money from the roof fund. But the roof needs patching in this NE state, you probably need to replace  
85 it. It seems like we took away from the roof to fix the budget? Mr. Varney said no. Going from Co-  
86 Administrator's to salaried positions being created is confusing. Mr. Fisher commended them on cutting back,  
87 but they cut a lot of things important to people and important to the town. Did they look at everything? He  
88 apologizes as he thought they took away from fixing the roof but he misunderstood.

89  
90 Fred Egounis agrees with Mike. Great job getting the budget down. Look at the percentages. He doesn't  
91 understand how they justify large raises.

92  
93 Mr. Cherian explained that they made a decision that the town had outgrown the Co-Administrator's rolls. Both  
94 Nicole Hoyt and Alan Hardy were doing 3 jobs each and they were worried that they would burn out. Salaries  
95 creates less overtime. As far as the salary for the town Administrator, they looked at similar sized towns. The  
96 pay their Administrator gets doesn't compare to same sized towns in the area. There is only so much they could  
97 pay. If they had to attract an Administrator from another town, it would be tough to do that with what they could  
98 pay.

99  
100 Todd Bartlett. He'd like a definition of executive overtime. He works a salary position and doesn't get overtime.  
101 Those have non-salary positions that work under the executive umbrella. Mr. Cherian explained that there is no  
102 overtime for the Administrator.

103  
104 Barbara Randall explained that due to time constraints they had to send the Warrants to the printer. She believes  
105 that at the town meeting 3.12.19, the Select Board will present and read the Warrants as is. They will then  
106 introduce the new revised budget. Charlie Niebling will read the Warrants. He will read it as written and then  
107 one of the Selectmen will make a motion to amend the Article to the revised number provided. At that time he's  
108 hoping he can say it's recommended by the Board of Selectmen and the Budget Committee.

109  
110 At 6:21 pm the public hearing was closed.

111  
112 The Article with the revised numbers: In favor? Aye (5). Opposed? (2). Ms. Egounis said she thinks more  
113 oversight needs to happen with salaries and increases so that 20% doesn't happen every year. Bruce Crawford  
114 agreed with Gail Egounis. Bruce Crawford abstained from the vote. Gail Egounis also abstained. The Warrant  
115 Article was recommended by 5; 2 abstained. Mr. Cherian noted that what they have is a budget advisory  
116 committee. It is subject to town vote to have a different type of budget committee. It's worthy of discussion. If  
117 they want to put a Warrant Article together next year to change that, they are welcome to do that. Mr. Cherian

118 noted the department heads came up with a lot of these cuts. The department heads are the ones to thank. People  
119 that work to the town as employees deserve credit.

120  
121 Mr. Varney noted that they have had 4 meetings with the towns and Penacook rescue. Mr. Cherian noted that  
122 next month they will meet with Salisbury and Canterbury. Mr. Varney noted that from Penacook's perspective,  
123 they are addressing is the salaries and the benefits. They are not addressing equipment. If they need to replace  
124 an ambulance, they will be looking for more money.

125  
126 Mr. Crawford suggested that they published the Selectmen's agenda in advanced.

127  
128 A **motion** to adjourn was made by Bruce Crawford, seconded by Rhoda Hardy and passed by a unanimous vote.
