Concord Monitor Article:

Mrs. Easler shared an article with Board members about taxes. Mr. Cherian said Boscawen is ranked as one of the 12 poorest towns. Mrs. Hardy said Boscawen has a lot of untaxable land. Mrs. Hardy said people relate high taxes to children but Boscawen is declining and has average of 0.4 children per family.

Zoning Changes:

Mrs. Easler said that the idea of river and stream being defined as different is the same thing so this should not be done. Mrs. Easler said that the change with Village District would take a lot of work and could be pushed off. The Board agreed that they should take their time with large changes to the Ordinance and meet with CNHRPC on these.

Land Development Regulations:

Mrs. Easler said she has been working on combining the Site Plan and Subdivision Regulations into one book and members can review the changes.

Hazard Mitigation Meeting:

Mr. Varney said the meeting went well and some updates were made. Mr. Cherian said they are required to meet twice a year. Mr. Varney explained to receive certain grants they must have this plan. Mrs. Easler said that if anyone sees any hazardous things to take a picture and send it to her. Mrs. Easler said these meetings are open for any Planning Board members. Mr. Cherian said they could add in underground utilities but that is costly for a single family home.

CIP:

Mr. Cherian said the Town offices HVAC will now be for Municipal Facilities. Mr. Cherian discussed the police cruiser expense and they are looking into if any details will offset this. Mr. Cherian said they received \$65,000 as a result of the compromised budget-unanticipated funds and the Board voted to use this for tax relief. Mr. Cherian spoke about hoping to put money away for items like new municipal buildings. Mrs. Easler said there was not much money put into Capital Reserve Funds last year.

Motion made by Mark Varney and seconded by Rhoda Hardy, to recommend this to the Selectman for approval. All in favor. None opposed.
