RE: Emergency Cooling Shelter

Hello,

With the forecast high temperatures expected to exceed 90 degrees on Wednesday 8/25 and Thursday 8/26, with associated humidity pushing the perceived temperatures higher, the Town of Boscawen does have a plan in place to assist citizens in need of a cooling shelter. If anyone is in need of heat-related assistance, they can call the Town and we will help them find a place where they can relax and stay cool. The options will not, however, allow you to bring any animals. Again, these options are only for Wednesday 8/25 and Thursday 8/26. Anybody looking for assistance may call the following numbers;

Emergency Management Director 603-892-5168

Town Health Officer 603-333-5380

Professionally yours,

**Lt. Jason Killary
Emergency Management Director**
