Application for Plumbing/Mechanical Permit

Date of application: _____

Building Permit Application Process:

This application for a building permit must be filled out by the owner or authorized representative and filed with the Building Inspector with the required fees. If extra inspections are required, other than the original fees paid, you shall be responsible to pay all fees as determined by the Building Inspector, prior to CO or CC.

A Building Permit will be valid for 12 months, with the ability to apply for a Renewal Permit for a fee of \$100, that will be valid for 6 months, as stated in the 2018 IBC, Section 105.3.2. If work is not completed within that time frame, the project will be closed and a new permit will need to be applied for.

A Land Use Diagram and Structural Plans must be submitted with this permit application. The land use diagram must show the proposed structure, distances to existing buildings and structures and setbacks distances to the property lines. The plans for the structure must show side and end elevations as well as floor plans for each level with sufficient detail to show conformance with the New Hampshire Building Code RSA 155-A. The plans may be hand-drawn if the project is not complex.

Boscawen Building Codes:

The following code systems make up the Boscawen Building Code. Currently, there are no amendments to the New Hampshire Building Code that are specific to Boscawen.

- 2018 International Building Code (IBC-18)
- 2018 International Energy Conservation Code (IECC-18)
- 2018 International Existing Building Code (IEBC-18)
- 2018 International Mechanical Code (IMC-18)
- 2018 International Plumbing Code (IPC-18)
- 2018 International Residential Code (IRC-18)
- 2018 International Swimming Pool & Spa Code (ISPSC-18)
- 2018 NFPA 1 – Fire Code
- 2018 NFPA 54 National Fuel Gas Code
- 2020 NFPA 70 National Electrical Code (NEC-20)
- 2018 NFPA 101 Life Safety Code

Septic System Design – NH DES Subsurface Division
State Highway Driveway Permit – NH DOT
Town Road Driveway Permit – Boscawen Public Works
Water Connection–Penacook/Boscawen Water Precinct
The current building codes and RSA's are available in the town office for review.

***Effective September 1st, 2022**

Enabling Legislation:

RSA 674:51, states in pertinent part, "The state building code established in RSA 155-A shall be effective in all towns and cities in the state."

RSA 155-A:2 states: Except as provided in paragraphs II and III, All buildings, building components, and structures constructed in New Hampshire shall comply with the state building code and state fire code. The construction, design, structure, maintenance, and use of all buildings or structures to be erected and the alteration, renovation, rehabilitation, repair, removal, or demolition of all buildings and structures previously erected shall be governed by the provisions of the state building code.

Paragraph II. To the extent that there is any conflict between the state building code and the state fire code, the code creating the greater degree of life safety shall take precedence, subject to the review provisions contained in RSA 155-A:10.

Paragraph III. To the extent that it does not conflict with any other provision of law, and except as otherwise provided in this paragraph, the issuance of permits and the collection of fees pursuant to the state building code is expressly reserved for counties, towns, cities, and village districts where such activities have been authorized in accordance with RSA 674:51 and RSA 47:22..." In addition,

Paragraph VII states: The contractor of a building, building component, or structure shall be responsible for meeting the minimum requirements of the state building code and state fire code. No municipality shall be held liable for any failure on the part of a contractor to comply with the provisions of the state building code.

Work Exempt from Permit:

The Board of Selectmen at their August 31, 2011 board meeting, voted to adopt the *Work Exempt from Permit* provisions of the IBC, IRC, IMC, IPC and the National Electrical Code, NFPA 70. Once this process was adopted, we created a document that defines that work which is exempt from the building permit process.

We will review your building permit application; if it applies, we will provide you with a copy of our *Work Exempt from Permit* form and this release from the building permit process. Please note, building setback and fire separation requirements continue to apply.
